Meddelelse (uformel) fra H.C. Hansen
til amerik. ambassadør Val Peterson

During your visit here some days ago you made some remarks about the possible storing of supplies of munition of a special kind on the defence areas in Greenland.

I gathered that your Government did not see any problem in this matter, which in its opinion was covered by the Agreement of April 27, 1951, according to which

each Government will take such measures as are necessary or appropriate to carry out their responsibilities in Greenland

and

the U.S. Government is entitled to store supplies, provide for the protection of the area etc.

and

all materials, supplies etc. shall be permitted entry into Greenland free of inspection.

You did not submit any concrete plan as to such possible storing, nor did you ask questions as to the attitude of the Danish Government to this item.

I do not think that your remarks give rise to any comments from my side.
